### Did You Know...

Educators are not charged fines for overdue NAPL materials?

Educators may check out materials for longer than the standard one or three week borrowing period?

Our librarians are happy to come to your classroom/education space for story times, information literacy, and anything else a librarian can do to support you?

Our librarians are even happier to have you bring your class to the library for story time, information literacy, library tours, and anything else you can dream up?

If we do not have what you are looking for in the NAPL, we can, with a little advanced notice, order materials from other libraries?

Order multiple copies, in different formats, of a single title? Great if the whole class, grade, school is reading the same thing.

With a NAPL library card, you and your students can use all the on-line resources from your classroom or from home?

**ALL OF THESE WONDERFUL SERVICES ARE OFFERED TO YOU FREE OF CHARGE?**
