

Birds of Winter

Learn about the birds that come to our feeders, what they eat, and how they survive the winter.

Slide show and hands-on exploration time

Audience: Adults and Families Price: FREE

Zach Adams is a life-long naturalist who graduated from Juniata College where he studied environmental science and researched the impacts of invasive berry producing plants on migratory birds in wetlands. In his free time he enjoys birding, fly fishing, and cooking. Zach is a new addition to the education staff at Pleasant Valley and is excited to join the Mass Audubon community.

North Adams Public Library

74 Church St, North Adams, MA 01247

Saturday, January 12th, 10:30-11:30 AM

This free program is made possible in part through the generous support of the Pittsfield Cultural Council.
